

IPP1700IP69K Stainless Steel Waterproof Panel PC

Water and Dust Proof IP67

Protection against the harshest environment: water, moisture, dust, and heat

Features :

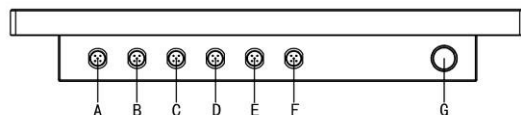

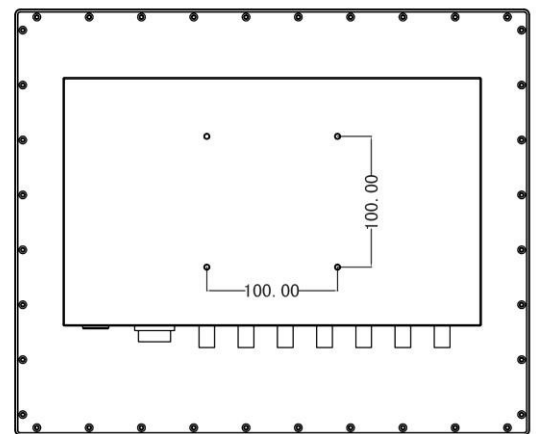

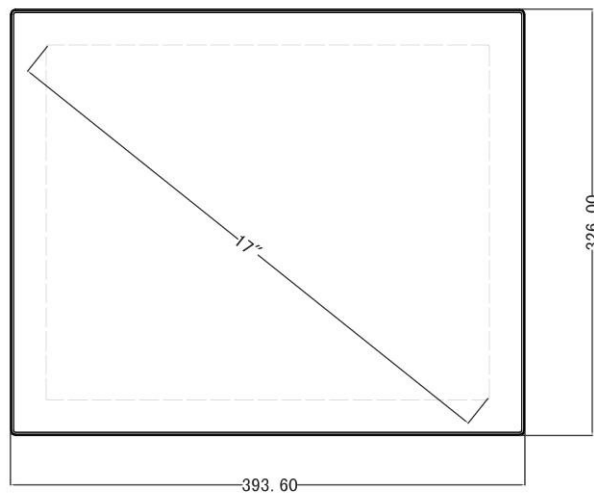

- 17" (4:3) Inch Display
- Waterproof Touchscreen
- Construction Stainless steel, polished brushed surface.
- Waterproof rating at IP66/IP69K.
- all I/O with 2 meter long IP67 cables included.
- IP67 connectors for all the I/O ports.
- Multiple Choice of processing Platforms, DualCore or QuadCore, 4 to 16 GB Memory
- Basic I/O: COM ports , USB ports , Giga Lan port , DC-in

1.Fully IP66/IP69K Sealed

Specification:

- 17" (4:3) SXGA industrial grade TFT LCD
- Resolution: 1280 x 1024
- Backlight : LED (400 cd/m² Bright)
- Exposure : (1000:1 Constrast) (16.7M truecolor)
- View angle: 85/85(H), 80/80(V)
- Touch screen: 10 points (<5ms) (internal USB)
- Chassis : IP66/IP69K Stainless Steel SUS304, Brushed
- Mount : VESA 100x100
- Size : 393.6 x 326 x 55 mm
- MTBF: 50,000 Hours
- Power input : DC 12~24v, Consumption max. 30w
- Power Supply : Ext. AC 100~240v, 1.5A
- Operating Temperature : -20~70°C
- Processors : Intel i5-6200U, 4GB(8GB max), 32GSSD(mSATA)
- Options : Intel J1900, 3855U, i3-6100U or i5-6200U

Interface Definition:

- | | |
|------------------|------------------|
| A:DC 12V~24V | B:LAN (optional) |
| C:LAN (optional) | D:COM (optional) |
| E:USB (optional) | F:USB (optional) |
| G:Power Switch | |
